OFFICE OF LEGISLATIVE COUNSEL

Thursday - 19 November 1964

25X1

2. [REDACTED] Discussed at some length the general outline of the investigative program that has been suggested by Mr. Benny Kass, Counsel, House Foreign Operations and Government Information Subcommittee, to Chairman Moss. In essence, it is hoped that NSA has one or two other agencies that did not testify before the committee this fall and would be testifying together with non-government experts on the questions of the effect of polygraph examinations on the individual and whether constitutional and other rights are, in fact, involved in the use of the polygraph. No exact listing of individuals or agencies has as yet been attempted. He did note that it is his feeling that final report of the committee will exempt this Agency from any suggested curtailment in use of the polygraph. It is further indicated that as the plans are developed, we will be kept informed.

4. [REDACTED] With apologies for any inconvenience caused this office, we were advised that Mrs. Lillian Mates, Assistant to Senator Harrison Williams (D. N.J.), was away from the office again today due to illness but is expected to return tomorrow.
